

OneCert International Fee Structure

OneCert International is funded by accreditation fees paid by GOTS, OCS, EEC & JAS projects operations all around the world.

The fee is based on the time required for different activities such as processing of application, review/s, inspection/s, report writing, decision making, etc.

The fees can vary according to:

- Size of the land holding
- Number of sites farm/ factory as per production operation
- Number of product groups manufactured or crops cultivated per season
- Details of site (field/ operations) history
- Complexity of operations and integration of activities
- Intended use of products
- Type of documentations and records maintained at the farm / factory level
- Type and number of food standards followed by the producer
- Post harvest activities (for farms)
- Number of cropping seasons followed (for farms)

The fee for certification is charged for the time spent and the costs incurred by inspector for traveling and lodging & boarding. Certification being a Service Industry, Service Tax is also applicable.

To Know the OneCert International Fee Schedule

1. Certification to OneCert International Organic Standards Equivalent to EEC 834/2007 and JAS ([Click](#))
2. Textile Certification ([Click](#))
