\$900,000	\$1,000,000	\$5,850
above \$1,000,000	Fee to be agreed upon (based on scope & complexity of operation)	

Please note that the above fee schedule applies to certification of textiles to one of the following certification programs:

1. Global Organic Textiles Standards (GOTS)
2. Organic Content Standards (OCS)
3. Global Recycled Standard (GRS)
4. Recycled Claim Standard (RCS)

If you wish to apply for more than one certification program, the fee for each additional scope will be USD 750.

Your fee bracket is determined by your total organic sales from the previous year in USD. New applicants may estimate expected sales for their first year. Certified operations use their actual annual sales from the previous year.

Distributors and traders, who only buy and sell certified products without doing any processing, may divide their total organic sales in half to determine their bracket. (For example: \$350,000 sales ÷ 2 = \$175,000, so the appropriate bracket is \$100,000-\$200,000).

Traders that meet the requirements of GOTS 4.1 (no processing or manufacturing or subcontracted processing or manufacturing activities) may be inspected the first year and every 3<sup>rd</sup> year of granted certification. For years when OneCert determines an onsite inspection is not required, the certification fee will be 50% of the fee indicated for the applicable bracket.

The certification fee is the cost of certification for one unit, *excluding* travel and licensing fees. These are charged in addition, as follows:

Travel expenses i.e. (airfare, car/mileage, hotel, meals, & travel time if more than 4 hrs.) will be billed per actual costs after the inspection.

Licensing fees for OCS/GOTS/GRS/ RCS are USD 150/ USD 165/USD 300/USD 200 per unit respectively (or per the current standard).

The certification fee also includes the issuance of up to 10 Transaction Certificates (TC's) annually, at no additional cost. Each additional TC will be USD 20.

If you have multiple sites or the organic operations of subcontracted suppliers or processors under your control: Please complete the applicable Initial Inquiry Form with details of each facility and contact the OneCert office to obtain a quote.

Fifty percent (50%) of the fee is nonrefundable if the operation withdraws from the certification process before an inspector is assigned. The entire fee is nonrefundable after the inspector is assigned.

Additional fees may be charged if you request expedited inspection and review service (normally \$300-\$600 minimum), or overnight delivery of hard copies of certificates (normally \$60).

Failure to submit the annual update and fees within 30 days of the deadline may result in suspension or revocation of your certification. A late fee of \$100 will be charged if your annual update and fees are not submitted by the deadline specified in your continuation notice.
